### INGREDIENTS

ACEROLA Alkaloid 40 mg contains 40 mg of 100% natural vitamin C, originating from Acerola.

ACEROLA Alkaloid 180 mg contains 180 mg of vitamin C (the mixture of acerola powder, ascorbic acid and sodium ascorbate).

### PHARMACEUTICAL FORM

Chewable Tablets

### EFFECT

ACEROLA Alkaloid is a dietary supplement, which is recommended for the daily use of children and adults.

ACEROLA Alkaloid contains natural vitamin C originating from Acerola. ACEROLA Alkaloid (wild cherry from Barbados) is the richest source of natural vitamin C.

Vitamin C is essential for proper growth and development of bones, skin, cartilage, muscle and blood vessels. It also helps to maintain healthy teeth and gums. Vitamin C is a powerful antioxidant, which blocks some harmful effects caused by free radicals. Vitamin C improves the oral absorption of iron.

Vitamin C deficiency can lead to its hypovitaminosis in children which is characterized by irritability, loss of appetite, growth disorder of bones, and subcutaneous bleeding and anemia.

### INDICATIONS

Prevention and treatment of vitamin C deficiency (hypovitaminosis and scurvy)

Conditions causing the increased need for vitamin C: hemodialysis, neoplasms, tendency to bleed, fever, post-operative period, wounds and burns that do not heal, iron-deficient anemia, methemoglobinemia, a period of growth, fatigue, diet poor in vitamin C.
